

25-26 Leon High School 9th Grade Course Registration Form

Name: _____ Student #: _____ Current Middle School: _____

All freshman enroll in a total 6 credits at Leon High School. Core classes are required and total 3.5 credits. Students pick 2.5 elective credits of their choice. Core classes are listed on the front and elective choices are listed on the back.

Your current 8th grade teachers should make recommendations for your core class placement and sign. You should pick 2.5 credits worth of electives of your choice.

A “□” indicates the class is for the entire school year and counts as one (1) credit. A “Δ” indicates the class is for one semester and counts as half (0.5) of a credit. You can take a combination of full year and semester long elective courses to total 2.5 credits. **Be sure to pick enough electives to add up to 2.5 credits. Then – be sure to pick alternative electives in case you do not get your top choices.**

When you are done picking all your 6 credits – list them in the Final Selection box with your alternative choices. Use a slash to indicate two semester credits together to total one credit – Example: Yoga 1/Yoga 2

*Students who earn 10th percentile or below on the FAST ELA PM3 assessment will be dropped from one of their electives and added into an intervention course, as required by law.

*ESE students **may** have a learning strategies class as one of their electives if the course is listed on the student’s IEP.

FINAL SELECTIONS

My six courses requested are:

Lang Arts _____

Math _____

Science _____

Social Studies _____

Elective 1 credit _____

Elective 1 credit _____

Elective 0.5 credit _____

My two alternate electives:

#1 _____

#2 _____
